Patriot Black by Scott LLC

CAPABILITIES STATEMENT

SBA-certified SDVOSB and VOSB | California-certified DVBE | Document and data services

Patriot Black by Scott LLC is a service-disabled veteran-owned small business based in San Francisco, California. We offer document, data and business support services to prime contractors and government agencies seeking certified small-business participation. Work is delivered remotely, under a written scope and a fixed price, using AI-enabled workflows with automated checks.

CORE COMPETENCIES

- **Accessible PDF remediation.** Public documents rebuilt as tagged PDFs: headings, lists, tables, alternate text, document language and title.
- **Document formatting and conversion.** Reports, fact sheets and forms prepared from your source files.
- **Data cleanup and conversion.** Deduplication and normalization of spreadsheets and PDF-sourced records, delivered with a change log.
- **SOPs and plain-language rewrites.** Built from your source material, with a requirement-by-requirement crosswalk.
- **Training materials and research memos.** Short training modules and cited desk-research memos.

DIFFERENTIATORS

- **Two certifications in one firm.** SBA-certified SDVOSB and California-certified DVBE. Work we perform may be counted toward California DVBE participation and federal SDVOSB subcontracting goals, subject to each program's rules.
- **We perform the work ourselves.** No pass-through arrangements. Scope and price are agreed in writing before a bid is submitted.
- **Results you can check.** PDF deliveries include before-and-after reports from an open-source automated checker (veraPDF, PDF/UA-1 profile). These checks cover machine-testable rules only; they are not a Section 508 or WCAG conformance statement.
- **Fast, fixed pricing.** A fixed-price quote within 24 hours of receiving the documents or a written scope.

RELEVANT EXPERIENCE

Sample work. Three public government documents rebuilt as tagged PDFs: a California Department of Corrections and Rehabilitation fact sheet (2 pages), a California Department of Public Health fact sheet (2 pages) and an Administrative Conference of the United States recommendation (8 pages). These are our own samples of public documents, not client work. Originals, rebuilt files and checker reports are available on request.

Founder background. U.S. Navy Logistics Specialist, 2013 to 2018, honorable discharge. Inventoried 2,342 Depot Level Repairable components valued at $261 million and ensured the accurate issue of 4,382 high-priority requisitions.

Past performance. None to date. Patriot Black is a new firm, established in 2025.
